

CITIES BEYOND GROWTH

Cities beyond Growth: Urban Struggles as Points of Leverage for Solidary Re-Localization
Workshop at Beyond Crisis Online Conference, 17-18 April 2020, Free University of Bozen-Bolzano

Project of a post-growth-city: strong relocalization, not only of economic production and services, but also of democratic decisions and administration

What we have noticed in our (really diverse) cities: contradictions, privileges are more visible, differences of urban structures/quarters, dramatic changes in use of public space and local economy

>>> 3 points of leverage for social-ecological transformation of crisis-ridden urban space and society

>>> Facilitator: Anton Brokow-Loga – but: result of collective work in the workshop, based on observations, thoughts and debate

>>> Stay in contact: We exchanged mail addresses. If you want to join these actions and debates: write me a short E-mail stating your interest: anton.brokow-loga@uni-weimar.de
