

Time policies: a policy for innovation?

10.05.2023

Eurac Research

Conference Hall

Viale Druso 1

Bolzano/Bozen

Time policies in Italy arose in the 1980s, but are they still relevant today? What are the particularities of Italian time policies compared to that of other European countries? The conference will explore the current state and the future of time policies at provincial, national and European levels through talks by experts and politicians and examples of successful projects.

PROGRAMME

In collaboration with

eurac
research
